### Policy B 4: BOARD OPERATIONAL GOAL DEVELOPMENT

#### Former Policy AE

The Board of School Commissioners will adopt annually a number of operational goals which will provide direction and guidance to the Superintendent and Staff and serve as a basis for the development of performance objectives for the administrative staff and the individual schools and programs.

The Superintendent will initiate the Board goals development process in July through the Agenda Committee. The process will begin with a review of the Board's Annual Goals for the previous year.

Input into the goal development process will be actively sought from all segments of the school community.

The Board will adopt its Annual Goals at the first Board meeting in September.
