

**Burlington School District Policy
E 20: NAMING FACILITIES**

Former Policy FF

After review by the administration, the Board may consider requests to name a building, a portion of a building, a single building on campus with multiple buildings, or a specific area on the campus for a person.

In responding to requests, special consideration will be given to names that will have special meaning to students and the community.

Those making the request may be asked to provide appropriate recognition, such as a plaque, portrait, or marker.
