

Burlington School District Corrected Report of FY 2009-2010 Salaries

This report corrects the salaries reported in the City Annual Report and includes base salaries, stipends or salaries for work done outside the primary assignment (such as coaching, co-curricular activities, Burlington After School Program or summer work) and any wages attributable to overtime and on-call duties where eligible (primarily Property Services employees). It also includes any retroactive pay for the prior year. Employees include all full-time, part-time and temporary positions hired during or for the FY 2009-2010 fiscal year.
